### Special Circumstances

Since in some areas of costuming, particularly Fur-suit and Cos-play, the Creator and the Presenter are frequently not the same person, special arrangements must be made when the Creator of such a costume entered in competition will not be present at CC26.

- If the Creator (defined as the person who did the majority of principal construction and/or design on the costume. For fur-suits this would include the head and/or 'torso') has an attending membership but cannot attend the convention,
  - You need to let me know this either when you register or at the convention before registration closes.
  - Bring with you a signed copy (or equivalent) of the Non-Attending Creator Statement below.
- If the Creator has a supporting membership,
  - You need to let me know this either when you register or at the convention before registration closes.
  - Bring with you a signed copy (or equivalent) of the Non-Attending Creator Statement below.
- If the Creator does not have a membership,
  - **A supporting or higher membership for that person must be obtained in order for the costume to be entered in competition.** Supporting memberships are set at \$35.00.
  - Notify me either when registering for the Masquerade or at the convention before registration closes of the situation.
  - Bring with you a signed copy (or equivalent) of the Non-Attending Creator Statement below.
- The Masquerade Director will decide on a case-by-case basis whether to allow an entry to compete when the creator is a supporting member, since the usual rule requires an attending membership.
- Entering in the Exhibition category does not require a non-attending maker to have a membership. I encourage you to enter in this category if the above will be a hardship.
